

I hope you find intelligence working at Madison Pharmacy & use it for research in compounding dispensing & health care quality - especially hospitals. He says that good which is so important the SOP in many ways & use it for research in compounding dispensing & health care quality - especially hospitals. He says that

Dockets Management Branch (HFA-305)
Docket No. 98N-1265
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: The compounded prescriptions I have received from Madison Pharmacy have greatly benefited me physically & emotionally. I am on natural HRT under the prescription of my MD prescribing to Madison P. My prescription allows me to function normally post menopause - I do not have to take an antidepressant. The natural hormones have balanced my body. Prior to taking them I suffered greatly from depression, insomnia and anxiety attacks. C2036

98N-1265 This pharmacy offers a healthy option, with scientific support & research behind it, to women who do not want to ingest synthetic hormones. It would be a cruel joke to deny women their intelligent and informed choice. I want choice on my healthcare -

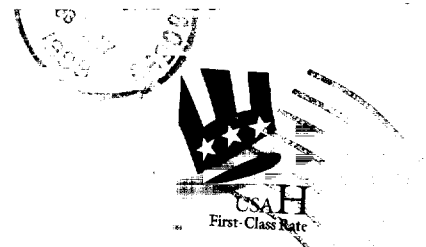

Please fold, seal, and mail by June 1

I want to make those choices with my personal physician.

Please make a wise choice for women's health; do not adopt the proposal (MOU) you are circulating to state boards of pharmacy nationally.

Please, please, please allow women (me especially) to continue the journey of health care.
